web interfaces design

Web Design Inspiration

ALEX MARTIN URUEÑA

Element 1 3
Element 2 3

Element 1

It is a very simple website but focused on functionality, even for novice users it is intuitive.

The dark style attracts my attention.

Element 2

Again, a dark design wins me over.

The different images and texts are integrated as you go down the web so that it seems to be telling a story.

It is intuitive and easy to access for any user.
